Al-Saghyir Laundry division is a highly specialized in the line of Supply, Installation & Maintenance Laundry Equipment, Steam Boiler and Spare Parts.

Our Mission is to satisfy customers by providing the highest quality products, satisfying all regulatory standards and satisfying individual requirements by providing long lasting products at very competitive rates.

Via an international and locally adapted network and we form close relationship with our customers with profitable growth & resource optimization.

All products we are supplying with superior quality and highest to the level of this industry.

Our Strength is, one of the largest stockiest and distributors of laundry equipment and we have large inventory of spare parts. We spread all over Saudi Arabia with our sales outlets and service team. We have 7 showrooms with experienced sales staff in each showroom.

Al-Saghyir Easy & Best Solutions

Al-Saghyir vision of the laundry world is summed up in Easy & Best Solutions (E&B), and consists of creating packages of laundry solutions adapted to each sector, so that each customer can easily find the solution they are looking for.

More than just offering specific products for their sector, we offer a package of services and solutions that allow them to be confident that they have chosen the best partner for their business. Good solutions are those that provide an exact response to requirements.

In the laundry business standard solutions are of no use, because each one is different, and because a hotel is quite different from a hospital, a dry cleaners, a campsite or an industrial laundry, for example.

With **Al-Saghyir** E&B Solutions you can find the right answer to your questions.

Our wide range of products, in different market sectors worldwide, gives us the ability to design a laundry system that is made-to-measure for your business.
